“Title of the Seminar”

Submitted to **Savitribai Phule Pune University**
for the partial fulfillment of Under Graduate Degree in
Information Technology

Presented By
Name of Student | PRN : 9999999

Guided By
Dr. / Mr. / Mrs. Guide Name

Department of Information Technology
PVG’s College of Engineering & S. S. Dhamankar Institute of Management, Nashik
Academic Year 2026 – 27

A Seminar
On

"Title of the Seminar" (Clearly state the title of your seminar.)

Abstract:(use font type & size Times New Roman 12)

Abstract should be of approximately 200-300 words giving brief introduction about the topic along with scope.

Keywords:(use font type & size Times New Roman 12 in bold italic keyword must separated by comma not in bullet)

1. Introduction

(use font type & size Times New Roman 12)

Provide an introduction to the topic and its relevance

1.1. Motivation:

(use font type & size Times New Roman 12 in Bullets)

Outline the motivation means why you chosen this title.

1.2. Objective:

(use font type & size Times New Roman 12 in Bullets)

Outline the objectives and goals of your seminar.

1.3. Problem Statement: (use font type & size Times New Roman 12)

2. Methodology / Prototype / Idea / Algorithm

Describe the approach or methodology used for research.

(Should be in paragraph or in bullet form (take the reference of IEEE base paper). Give citation for figure Need a prototype / System diagram / flowchart / working model. (use font type & size Times New Roman 12)

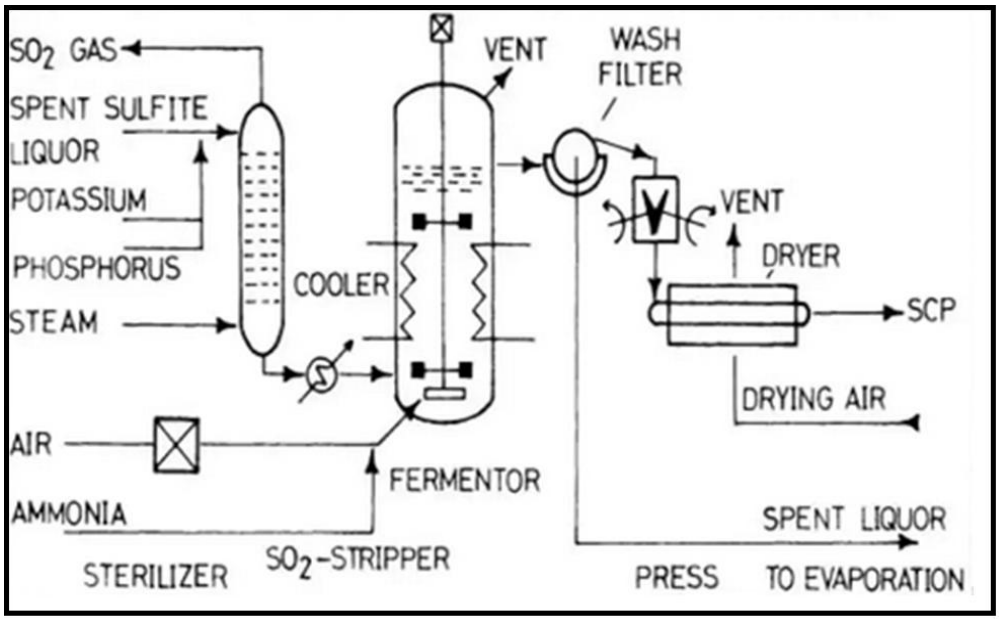

Figure 3.1: Production of Pekilo Protein (use font type & size Times New Roman 10)

Expected Outcomes:

Mention the expected outcomes of your seminar.

Applications areas, if any:

3. Conclusion

(use font type & size Times New Roman 12)
